

Drawing Prompt

Empty Stems

We grow and we change.

Draw a 'bloom' at the end of the empty stems. You can complete the stems with the blooms of flowers. Try exploring the meaning behind these flowers listed in the *Old Farmer's Almanac*

<https://www.almanac.com/content/flower-meanings-language-flowers>.

Or you can fill them in with images and/or words of your choice. You can think symbolically. You can utilize abstract shapes, and colours in any way you choose. I am excited to see what people choose to do with these templates! Please share and use the hashtag #thermgfromhome. Also feel free to tag me (Dani Crosby) with complete works or works in progress. I'd love to observe your process and different creative uses of these visual prompts.
