

DURHAM'S

**CAMP
IN A
BOX!**

We're all hoping to enjoy a summer like last year. However, with so much uncertainty about what summer 2021 will bring, we think it's time to bring Durham Region together and provide a unique camp experience for children and youth. This will provide engaging summer activities to families in our communities.

OUR CONCEPT

Last year, many organizations put together a summer camp ‘in a box’, provided virtual experiences, and in some cases, smaller in-person camps. What has been inspiring about the past year is how our communities have come together. It’s time to do so again.

Arts, culture or heritage organizations, libraries, performing arts or environmentally focused groups have come together to provide a unique Camp in a Box experience for families in our region.

YOUR CONTRIBUTION

21 organizations from the region have committed to creating two activities per summer box. They'll include art and science activities, access to reading clubs, online learning experiences, a scavenger hunt, a forest walk, food-related, and physical activities. Each experience will share something unique to Durham.

Your contribution will help us:

- Deliver the summer boxes to children and youth in Durham
- Assist children and youth in all summer activities
- Provide essential support to families who are struggling

SPONSOR BENEFITS

- Recognized as Supporter of Durham's Camp in a Box on the project website, and in select social media posts, and marketing collateral
- Included on the RMG Donor Wall in the W.S. Nurse Lobby
- Complimentary rental of the Gallery for an event before the end of 2022 with a donation of \$10,000

We are not a cookie cutter organization and neither are you! We want our benefits to align with what you are passionate about and what is important for your business. Please don't hesitate to let us know how we can partner and support each other.
